

TULSA BOOSTERS MAKE FRIENDS TUESDAY

Thirteen Towns are Visited by Boosters Men in Get Acquainted Trip in Oil Belt.

WE GIVEN BIG RECEPTIONS

Ladies Aid Society of Methodist Church at Pawhuska Serve Luncheon to Tulsaans.

Leaving the Midland Valley station here in a special train at 7 o'clock Tuesday morning 130 of Tulsa's best boosters on the third day extension trip of the season reached the gospel of Tulsa spirit to 13 towns in the north and completed one of the most successful excursions in the history of such associations.

Towns visited were Turley, Sperry, Sapulpa, Avant, Hugo, Pawhuska, Nelagany, Bartlesville, Geoteche, and Lamont, Okla. Collinsville, and Sand Springs were in every instance given a warm reception in comparison to the respective sizes of the towns and fractionally was the password throughout the famous oil country Tuesday.

The Knights and Ladies of Security of Tulsa had more than 150 members taken into the order at Moose hall 8 o'clock Tuesday night.

Besides the Tulsa members classes from the Collinsville council, Sapulpa, Drumright and Sand Springs were also initiated.

The Knights and Ladies of Security is said to be the first organization of its kind to have all instructions and illustrations of the order, those that are secret, put on the screen, and at the meeting Tuesday night 1,200 sets of pictures were shown. This was interspersed with lectures by the national prelate, Rev. E. J. Cromwell.

Riots at Stettin.

BERLIN, Monday, May 19.—(via Copenhagen.)—Violent rioting is again reported at Stettin where 5 civilians and 20 soldiers are said to have been killed. German troops occupy the station houses throughout the city.

Masquerades as Cops.

Charles P. Kent manager of the gas feed store, was the recognized comedian of the day. Masked under policeman's makeup, Kent made his first appearance at Sperry and arrived there in the needed caravans of traffic cop. He also maintained order during the remainder of the trip and was an effective peace officer with an entire train as his beat. He exacted tolls, requires credit for accepting the best reception to the station but the best turn-outs were provided by Bartlesville and Collinsville. At Pawhuska, the visitors were met at the train by a committee of merchants with automobiles and were paraded through town to the First Methodist church where a luncheon had been prepared by the Ladies Aid society of that faith. After being informed that the Adelskay was attempting to raise funds to pay off church mortgage leaders of the town however passed the hat with the result that \$100 in Tulsa money was donated to the cause.

Following lunch the boosters ad-

vised to remain intersection of Main and 15th where the band entertained with a program and Larson, Moss and Kent amused the crowd with stunts. The Rev. Harold Cook, speaker of the day, addressed the assembled citizens of Pawhuska upon inter-city relationship and the boosters then broke into small parties and enjoyed automobile tours of the George capital.

At Bartlesville the boosters and

about 250 citizens congregated at Main street intersection, where Mayor A. C. Easter made the address.

GAINS BY TAKING DOCTOR'S ADVICE

Physician Uses Tanlac in His Practice With Gratifying Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is in the large number of letters that are now being received daily from scores of well known men and women who have been benefited by its use.

Among the large number that have been wired recently are some interesting ones the following letter from Dr. J. T. Edwards of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified endorsement in a public statement, and the testimonial included below was recently given him by one of his patients, a doctor following just as it was written:

"Fayetteville, Ga.

"Dear Sir—I am enclosing you herewith statement I have just received from Mr. T. M. McGeough. He sold out here and is moving to Tampa, Fla. He was here this morning and came in to tell me what Tanlac had done for him. He says he much regretted he said about Tanlac. It certainly has cured him."

Respectfully,

J. T. Edwards, M. D.

Mr. McGeough's statement follows:

"I suffered from indigestion and did not eat anything that would not burn me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn and gas on the stomach after eating. My appetite was irregular and often failed to nourish me. This really caused me to get very thin, in fact I got so thin and weak I was afraid to go about."

"Through the services of Dr. Edwards' recommendation and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work. I now recommend Tanlac to everyone who is sick like I was and who wants something that will help them."

Tanlac is sold in Tulsa by Quaker Drug Company, Puritan Drug Company and by the leading druggists in practically every other town and village in America. Adv.

WOMEN ARE CARELESS

This has been proved over and over again during the war. They underestimate their physical strength and overdo it. Their ambition is commendable, but does not compensate for the long and days of misery which they suffer. Symptoms caused by female ill health are very nervous, despondent, with headache, backache and dragging down pains should remember there is one tried and true remedy, that is Lydia E. Pinkham's Vegetable Compound, now standardized, everywhere as the standard remedy for every ailment. Adv.

APPOINT COMMISSION ON STREET RAILWAYS

*Please, Mr. Judge,
Won't You Make It
Little as You Can?*

Wilson Approves Suggestions of Redfield and Sec. Wilson to Name Body on Rate Increase.

WASHINGTON, May 20.—Investigation of conditions in many cities where street railway companies have been unable to obtain approval of local authorities for rate advances and where consequently the companies face insolvency, will be undertaken soon by a new government commission. President Wilson today cabled his sanction for creation of the commission whose recommendations for action in each community are expected to carry great weight without specific power of enforcement.

As a result scores of cities which have street carfare or franchise disputes, particularly since the increase in living costs forced the companies to seek higher rates, will soon find their disputes in the hands of the government agency. The appointment to this agency may be taken either by the company, the local government or other representatives of the public.

President Wilson will appoint members of the commission soon on the suggestion of Secretary Redfield and Wilson who outlined the plan to the president after the debate on the bill.

One of the principal reasons prompting the action was that the government's war labor board in a number of cases ordered street railway companies to pay higher wages but left the companies without power to obtain higher compensation rates. The companies applied to the war finance corporation for aid, but this could not be given where a company's credit was undermined by inadequate revenues.

EXPERT MAY COME BACK TO TELL LEAGUE MEANING

PARIS, May 20.—Some one of the leading experts on international affairs connected with the American peace mission may go to Washington shortly for the purpose of being at hand to explain doubtful points found in the covenant of the league of nations while it is under examination in the American committee of experts connecting the name of David Miller, the principal expert among the Americans who took part in preparing and drafting the document has been mentioned.

And She Goes Back Again.

Myrtle Taylor, one of the two prisoners who escaped from the city jail May 11, was arrested by the local police Tuesday morning and arranged before Judge Warren of the Municipal court Tuesday afternoon.

"Guilty or not guilty?" asked Judge Warren.

"I am guilty, judge, but how could a person resist from escaping jail when there was a hole in the wall for me to go through," said Myrtle. "We'll plug up that hole with \$15 and costs. Next case," replied the judge.
